

UPLIFT PROJECT 2026 UPDATES

Update – March 2026

Dear Valued Partner,

As we continue with our exciting enhancement journey at Raffles Seychelles, we understand that you and your clients may have questions regarding the timeline and impact of the works. We'd like to take this opportunity to reassure you of our continued progress and that the utmost care is being taken to ensure guest comfort and satisfaction throughout.

A Renewed Vision of Timeless Island Luxury

The resort uplift marks an exciting chapter of refinement, thoughtfully designed to elevate the guest experience while preserving the soul of our island sanctuary. From a reimagined arrival experience with sculptural artistry and handcrafted details to revitalised dining and social spaces, each enhancement reflects our commitment to craftsmanship, culture, and connection.

Our culinary landscape will emerge renewed, with refreshed interiors, enhanced lighting, and refined menus across Losean Restaurant, Curieuse Restaurant and Sushi Room, Pool Restaurant and Bar, and Danzil Lounge and Bar. Beyond dining, new and revitalised spaces including an art gallery, games room, and retail boutique will invite moments of creativity, leisure, and discovery.

All works are being carefully managed to minimise disruption. Noise is limited to specific daytime hours only, and visual screening is in place to maintain a serene resort atmosphere. While timelines are carefully planned, they may be subject to refinement as the project progresses.

FOR FURTHER UPDATES

Project timelines are closely monitored and may be refined as work progresses to ensure the highest standards of guest experience.

Please share communication with business partners and guests.

While every effort is made to adhere to the scheduled timeline, certain elements may be subject to change or extension based on weather conditions, material shipment, or coordination with local contractors. Should this occur, updates will be shared promptly to ensure transparent communication with travel partners and guests.

The Raffles Seychelles team remains fully committed to upholding guest comfort and service excellence throughout the uplift, ensuring that even during this transition, the resort continues to embody the serenity, elegance, and gracious hospitality synonymous with the Raffles name.

We deeply value your continued support and understanding. Our enhancements are designed to elevate the guest experience while preserving the tranquility and privacy that Raffles Seychelles is known for.

Should you or your clients have further questions or need tailored guidance on upcoming stays, please do not hesitate to reach out to us directly.
